1. Executive Summary & System Objectives

The **RFQ Portal** is an enterprise-grade digital procurement and commercial quotation platform designed for **Amaravati Growth and Infrastructure Corporation Limited (AGIC)**, Government of Andhra Pradesh.

Core System Principles:

1. **Dynamic Market Pricing (No Pre-Fixed CE Rates):** Officers raise RFQs specifying only technical descriptions, quantities, units, and delivery timelines. Estimated costs and unit rates are **not fixed by Officers**; prices originate strictly from competing bidders.
 2. **Total EMD Elimination:** Earnest Money Deposit (EMD) requirements are completely eliminated across all screens and workflows to accelerate vendor participation.
 3. **Strict Officer Isolation:** Each Chief Engineer (CE) operates in a private, isolated workspace. Only the Officer who creates an RFQ can view submitted quotations, evaluate proposals, extend dates, or download vendor documents.
 4. **Mandatory Vendor Category Validation:** Quotations can only be submitted by verified entities under 4 authorized categories:
 - [Manufacturer](#)
 - [Authorised Dealer](#)
 - [Authorised Distributor](#)
 - [Contractor](#)
 5. **Exact Commercial Capture:** Bidders submit granular unit rates per RFQ item (Annexure III) and past credentials (Annexure II), which are locked into the database as submitted.
-

2. End-to-End System Workflow Diagrams

A. High-Level Lifecycle Diagram

B. Officer (Chief Engineer) Workflow Diagram

C. Vendor (Applicant) Quotation Workflow Diagram

3. Chief Engineer / Officer (CE) User Manual

3.1 Officer Authentication & Login

- Navigate to the **Officer Login** page at </ce/login>.
- Enter your registered **10-Digit Mobile Number** and **Password**.
- For demonstration purposes, click any of the **3 Quick Demo Buttons** to automatically load credentials for:
 - Officer 1:** Er. K. V. Ramanathan ([9876543210](#)) — Infrastructure & Bridges
 - Officer 2:** Er. M. S. Lakshmi Prasanna ([9876543222](#)) — Water & Environmental
 - Officer 3:** Er. G. Ravindra Kumar ([9876543233](#)) — Electrical & Automation
- Click **"Sign In as Officer"** to enter the Executive Control Panel.

3.2 Executive Control Panel & KPI Analytics

Upon login, the officer is presented with 6 real-time metrics scoped to their jurisdiction:

- Total RFQs Raised:** Total number of RFQ packages initiated by the officer.
- Active Windows:** Number of RFQs currently open for vendor quotation submissions.

- **Total Quotes Received:** Aggregate count of vendor proposals received across all officer's RFQs.
- **Under Review:** Quotations currently under technical or commercial scrutiny.
- **Accepted (Award L1):** Quotations approved and awarded.
- **Rejected:** Quotations disqualified due to technical or commercial non-compliance.

3.3 Raising a New RFQ (Zero Price Constraint & Zero EMD)

To create an RFQ:

1. Click the "**+** **Raise New RFQ**" button in the dashboard header or navigate to </ce/tenders/create>.
2. Fill in the primary administrative metadata:
 - **RFQ Title:** Descriptive work name (e.g. *Supply of Structural Steel Girders for ORR Flyovers*).
 - **Scope of Work:** Comprehensive engineering scope and delivery instructions.
 - **Location:** Work location (e.g. *Amaravati Capital Region*).
 - **Authority Name:** Defaulted to *Amaravati Growth and Infrastructure Corporation Limited*.
 - **Completion Period:** Project delivery timeline (e.g. *9 Calendar Months*).
 - **Quotation Window:** From Date/Time and To Date/Time (Submission Deadline).
 - **Quotation Validity Period:** Text description and date (e.g. *90 Days from Quotation Opening*).
 - **Contact Information:** Contact Officer Name, Email, Mobile, and Office Address.
3. **No Price Inputs:** The officer is **never** asked for estimated costs or unit budgets.

3.4 RFQ Partitioned Items Setup (Supply Item vs Only Rate)

In the **RFQ Scope Items** section of the creation screen:

1. Click "**+** **Add RFQ Item**" to define line items.
2. For each item, enter:
 - **Item Code:** (e.g. [ITEM-STR-01](#)).
 - **Item Name:** (e.g. *IS 2062 Grade E350 Structural Steel Plates*).
 - **Category Type:** Select [Supply Item](#) (physical material supply) or [Only Rate](#) (labor, testing, NDT rate contract).
 - **Estimated Quantity & Unit:** (e.g. [850](#) [MT](#) or [120](#) [JOB](#)).
 - **Item Completion Period:** (e.g. [6 Months](#)).
3. Click "**Publish RFQ**" to release the RFQ to the public marketplace.

3.5 Visual Highlighting of Owned RFQs

In the "**All RFQs Raised**" tab on the Officer Dashboard:

- **Amber Color Highlight:** All RFQs created by the logged-in CE are displayed with a distinct **soft Amber/Gold background**, a gold left border ([border-1-4 border-1-amber-500](#)), and a bold badge: [👑 Raised by You \(Er. K. V. Ramanathan\)](#) .

- **Full Operational Controls:** Owned RFQs show the **"Edit & Extend"** button, the active status dropdown (`PUBLISHED` , `DRAFT` , `CLOSED`), and direct link to quotation submissions.
- **Other Officers' RFQs:** Appear in clean white cards with read-only badges (`Officer: Er. M. S. Lakshmi Prasanna`) and a `View RFQ` button.
- **Scope Filter:** Use the `[Raised by You (5)]` button to view only your RFQs with one click.

3.6 Edit RFQ & Date Extension Management

If a deadline needs extension or scope requires modification:

1. In the RFQ table, click the **"Edit & Extend"** button on the target RFQ row (or visit `/ce/tenders/:tenderId/edit`).
2. The officer can:
 - Extend the **Submission Deadline** (`Quotation To Date`).
 - Extend the **Quotation Validity Date & Period** (`quotation_valid_upto` , `validity_period`).
 - Update Scope of Work notes or technical specifications.
 - Add new RFQ Items, modify quantities, or change units.
3. Click **"Save Changes & Update RFQ"** to lock the modifications into the database.
4. **Creator Guard:** If another officer attempts to edit via API or direct URL, the system rejects the request with `403 Forbidden` .

3.7 Master Quotations Review Center (100% Isolated Review)

1. In the CE Dashboard, click the **"Master Quotations Review Center"** tab.
2. **Strict Privacy Isolation:** This table lists **only** quotations submitted against RFQs raised by the logged-in officer. Quotations for other officers are completely hidden.
3. **Table Features:**
 - **Search Bar:** Search by Vendor Firm Name, Quotation No (`APP-...`), or RFQ Ref No.
 - **Status Filter:** Filter by `SUBMITTED` , `UNDER_REVIEW` , `ACCEPTED` , or `REJECTED` .
 - **Exact Quoted Amount:** View the exact total price submitted by each vendor in INR.
 - **Actions:** Direct buttons for **"Review"** (dossier evaluation) and **"ZIP"** (document download).

3.8 Evaluating Vendor Dossiers & Status Updates

Clicking **"Review"** on any quotation opens the **Quotation Evaluation Dossier** (`ApplicationReview.jsx`):

1. **Vendor Profile Summary:** Firm Name, Registration Category (`Manufacturer` , `Authorised Dealer` , etc.), GSTIN, PAN, Turnover, and MD/CEO details.
2. **Selected RFQ Items:** Breakdown of which RFQ items the vendor is quoting for.
3. **Annexure II Past Credentials:** Table of similar works completed, client names, costs in ₹ Lakhs, and financial years.
4. **Annexure III Itemized Proposal:** Exact item-by-item unit rates, quantities, and calculated total amount.

5. **Submitted Documents:** View attached covering letters, technical specifications, and signed declarations.
 6. **Decision Recording:**
 - Select **Quotation Status:** `UNDER_REVIEW`, `ACCEPTED (Award L1)`, or `REJECTED`.
 - Enter **Official Evaluation Remarks:** Enter technical evaluation notes.
 - Click **"Update Evaluation Status"** to record the decision and write an audit history log in PostgreSQL.
-

3.9 Bulk ZIP Document Downloads

1. Click the **"ZIP"** button on the review table or the **"Download All Documents (ZIP)"** button inside the evaluation dossier.
 2. The backend dynamically aggregates all uploaded documents (Covering letter, Technical specs, BOQ sheets, Company profile docs), packages them into a compressed `.zip` file, and streams it to your browser.
 3. **Security Check:** Only the creator Officer or the submitting vendor can download this archive; unauthorized users receive `403 Forbidden`.
-

4. Vendor / Applicant (Bidder) User Manual

4.1 Vendor Eligibility & Registration Rules

Only eligible business entities may participate in AGIC RFQs.

1. Navigate to `/applicant/register`.
 2. Select your **Vendor Category Type:**
 - `Manufacturer`
 - `Authorised Dealer`
 - `Authorised Distributor`
 - `Contractor`
 3. Enter Legal Firm Name, Primary Line of Business, Annual Turnover, Past Experience, Authorized Signatory Name, GSTIN, PAN, Email, and Mobile Number.
 4. Set an account password and complete registration.
-

4.2 Vendor Login (Mobile OTP & Password Methods)

1. Go to `/applicant/login`.
2. Choose your preferred login method:
 - **Mobile OTP Login:** Enter registered mobile number $\rightarrow$ receive simulated 6-digit test code $\rightarrow$ enter OTP and sign in.
 - **Password Login:** Enter registered mobile number and password.
3. For instant testing, click any of the **5 Quick Vendor Demo Buttons:**
 - **Vendor 1:** Apex Heavy Engineering (`9111222333` / `password123`) — Manufacturer
 - **Vendor 2:** Godavari Flow & Hydro (`9222333444` / `password123`) — Authorised Dealer

- **Vendor 3:** Amaravati Premier Infra (9333444555 / password123) — Contractor
 - **Vendor 4:** VoltMatrix Electrical (9444555666 / password123) — Authorised Distributor
 - **Vendor 5:** Southern Precision Valves (9555666777 / password123) — Manufacturer
-

4.3 Browsing Active RFQs & Technical Specifications

1. On the **Home Page** ([/](#)), browse all published and active RFQs.
 2. Filter by status ([Active](#) / [Published](#) vs [All](#)) or search by keyword / ref number.
 3. Click on any RFQ card to open the **RFQ Details Page** ([TenderDetails.jsx](#)).
 4. Inspect:
 - Scope of Work Summary
 - Quotation Window & Validity Period
 - Itemized RFQ Scope Items table (Code, Name, Category: [Supply Item](#) vs [Only Rate](#) , Quantity, Unit, Completion Period).
 - Technical Specifications & attached official RFQ PDF documents.
 5. Click "**Submit Commercial Quotation**" to launch the 6-step submission wizard.
-

4.4 Step-by-Step Quotation Submission Wizard (6 Steps)

Step 1: Signatory & Covering Letter

- Confirm the **Covering Letter Date**.
- Verify the **Authorized Signatory Legal Name** and **Designation** (e.g. *Managing Director*).
- Enter optional **Commercial Remarks / Letter Notes**.
- Click "**Next: Select RFQ Items**".

Step 2: RFQ Items Selection

- Select which partitioned RFQ items your firm is bidding on (one, multiple, or all items).
- Enter optional **Technical Notes / Grade Specifications** per selected item.
- Click "**Next: Annexure II (Capabilities)**".

Step 3: Annexure II — Past Technical & Financial Capabilities

- Provide past project experience for capability evaluation:
 - **Work Description:** Description of similar engineering or supply works completed.
 - **Client / Authority:** Name of client (e.g. *NHAI / APCRDA / L&T*).
 - **Cost (₹ Lakhs):** Completed project value.
 - **Financial Year:** (e.g. *2024-25*).
- Click "**+ Add Project**" to add multiple credential rows.
- Click "**Next: Annexure III (Line Items & Rates)**".

Step 4: Annexure III — Line Items Pricing & Auto Calculations

- For each selected RFQ item:

- Verify Item Description and Unit (Master Unit dropdown with Custom Unit option).
- Enter your firm's **Quoted Rate per Unit (₹)**.
- The system automatically calculates the row **Amount (₹)** = $\text{Quantity} \times \text{Quoted Unit Rate}$.
- The **Grand Total Quoted Amount (₹)** is calculated dynamically in real-time.
- Attach your detailed **Annexure III Proposal Sheet / Itemized BOQ Document** (PDF, Excel, or Scan).
- Click "**Next: Supporting Documents**".

Step 5: Upload Supporting Documents (Zero EMD)

- Zero EMD: No payment or exemption proof is requested.
- Attach supporting bid documents:
 - **Covering Letter / Technical Bid (PDF)**
 - **Quality Certificates / Technical Specs (PDF / ZIP)**
- Click "**Next: Review & Final Submission**".

Step 6: Final Review & Submission Commitment

- Verify the final summary card:
 - RFQ Reference No.
 - Submitting Vendor Firm Name
 - Authorized Signatory
 - Exact Grand Total Submitted Quoted Amount
 - Itemized pricing table.
- Attach optional **Signed RFQ Document / Bid Undertaking**.
- Read the **Declaration of Authenticity**.
- Click "**Confirm & Submit Quotation**".
- The exact quotation details and pricing are locked into the database, generating a unique Application Number (APP-...).

4.5 Vendor Dashboard & Quotation Status Tracking

1. Navigate to the **Vendor Dashboard** (</applicant/dashboard>) or **My Applications** (</applicant/my-applications>).
2. Track the lifecycle status of your submitted bids:
 -  **SUBMITTED**: Successfully received and locked into the database.
 -  **UNDER REVIEW**: Currently undergoing technical scrutiny by the Chief Engineer.
 -  **ACCEPTED**: Bid approved and awarded (L1 Winner).
 -  **REJECTED**: Disqualified with officer review feedback.
3. Click on any submission to view the complete submitted dossier and download your documents.

5. Operational Roles & Quick Credentials Directory

Chief Engineers (Officers)

Officer Name	Department / Role	Mobile No.	Password	Jurisdiction
Er. K. V. Ramanathan	Chief Engineer (Infrastructure & Bridges)	9876543210	password123 / ce123	Flyovers, Bridges, Precast Culverts, River Embankments
Er. M. S. Lakshmi Prasanna	Superintending Engineer (Water & Environmental)	9876543222	password123 / ce123	DI Pipelines, Sewage Pumps, Motorized Valves, Radial Gates
Er. G. Ravindra Kumar	Executive Engineer (Electrical & Automation)	9876543233	password123 / ce123	132kV GIS, XLPE Cables, SCADA RMUs, BESS, Smart Lighting

Vendors (Applicants)

Firm Name	Category	Mobile No.	Password	Primary Specialization
Apex Heavy Engineering & Steel Industries Ltd	Manufacturer	9111222333	password123 / app123	Structural Steel & Girders
Godavari Flow & Hydro Controls LLP	Authorised Dealer	9222333444	password123 / app123	Pumps, Flow Control & Valves
Amaravati Premier Infrastructure Contractors Ltd	Contractor	9333444555	password123 / app123	Highway Civil & Marine Works
VoltMatrix Electrical & Power Systems Pvt Ltd	Authorised Distributor	9444555666	password123 / app123	GIS Substation & HT Cables
Southern Precision Valves & Machined Components Corp	Manufacturer	9555666777	password123 / app123	Sluice Gates & Precision Valves
